TO THE CLASS *of* 2009:

I extend my sincere congratulations to you on the completion of your degree. A college degree is truly an achievement of intellect and effort, and you are to be commended.

As you ponder your future plans, I hope you will take a moment to express your gratitude to members of the faculty and staff who have helped you prepare for this important milestone. The University's goal has been to prepare you to lead a meaningful life, both personally and professionally, and to instill in you a sense of social justice and civic responsibility. Your actions – and your choices – in the years to come will be a measure of how successfully we have met that goal. From this perspective, I hope you will always see yourself as a member of the University of New Haven family, and strive to improve the lives of others as a sign of your gratitude for the fine education you received through the help of our dedicated faculty and staff.

Your professors at UNH have given you foundations and concepts in their individual disciplines and taught you how to apply them to the real world. Life will present you with many opportunities and challenges. I feel confident that the knowledge and skills you have obtained at UNH will enable you to take advantage of those opportunities, and rise, with strength and confidence, to the challenges that lie ahead.

Thank you for letting UNH be a part of your life. I encourage you to return to campus often, and include the University of New Haven in your future. All of us at UNH are proud of you.

With my very best wishes,

TO THE CLASS *of* 2009:

I would like to first congratulate you, as you are now a graduate of the University of New Haven.

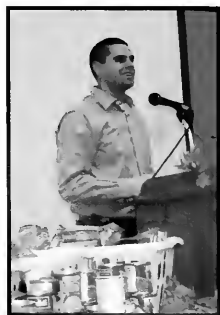

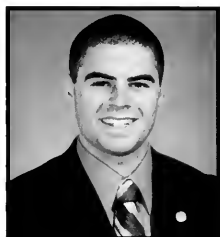

I'm sure the road to get here has been marked with many hurdles, but you can now finally say that you have completed your college education. This accomplishment is one that you should be extremely proud of; as I know I am.

I have been preparing to graduate for the last four years. Every time I crossed another course off of my academic worksheet I felt as if my goal was getting closer and closer and I became even more excited. Now that the time has finally come for me to leave the university, part of me doesn't want to leave. I don't want to leave behind my professors, my room, my friends, and my extended family. It was at this campus where I found out who I truly was and have made memories that will last a lifetime. It was here that I could walk down the hall and find someone to hang out with or go to dinner with. It was here that I could always find someone to lend a helping hand or a pat on the back when I needed it the most.

As we move away from UNH, where we go and what we will encounter is uncertain. However, the one thing that is certain is that we came from somewhere special. I would like to wish you all the very best; keep your head high and never forget where you came from or how you got there.

Respectfully submitted,

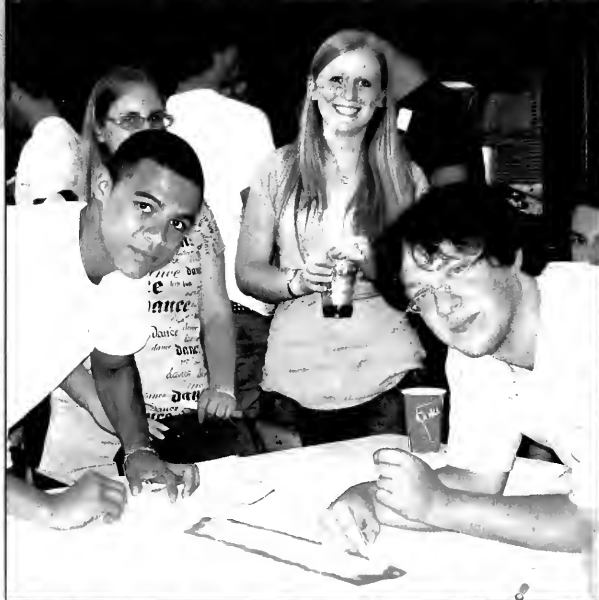

Louis J. Eswood III

USGA Executive Board

President: Louis Eswood III, Vice President: Wilfred Burrows III, Treasurer: Melody Johnson,
Sergeant-at-Arms: Patrick Kelly, Executive Assistant: Kristina Bensley

The Undergraduate Student Government Association (USGA) is the organization on campus that represents every undergraduate student in all aspects of campus life. The student run organization meets weekly to address student concerns, discuss campus issues, and program events.

Each student at the university pays a student activity fee, which is used to fund all USGA activities and provide every USGA recognized club and organization on campus a budget to program social events.

The USGA was in charge of overseeing approximately 50 clubs and organizations this year, a number that truly represents the diversity of interests, academic disciplines, and cultures that exist on campus. Each of these organizations was given a portion of the nearly \$1.1 million USGA budget to program a variety of social events including off-campus trips, talent shows, concerts, comedians, carnivals, cultural awareness events, game shows, and more. Students also participated in an unprecedented number of community service activities throughout the Greater New Haven region.

Students also served on a number of standing committees to address student concerns with food, health and safety, academics, technology, and more. Other committees such as Community Relations and Community Service are used to reach out to the surrounding region.

By principle, every undergraduate student is a member of the USGA, and this year showed a wealth of support for the undergraduate students as a whole and for the USGA. As always, the organization was proud to help encourage a wealth of change and improvement across the campus to benefit the students.

The Charger Bulletin is an entirely student run newspaper. Reporting on national, local, and campus news, our staff writers work hard every week at covering the stories that are most interesting to the UNH student body.

Our flourishing Arts & Entertainment section covers everything from music and film reviews to gallery openings. We praise our Charger athletes on all of UNH's sports teams in addition to highlighting sports on a national level. Our editorials, from editors, staff writers, and the university community, raise issues and cause controversies, but most importantly, get people reading. Practical features like the "Campus Events" calendar and the "Charger Bulletin Board" keep the UNH community in the know, while features like the ever-popular positive/negative recap "The Charger Battery", comics, and puzzles are fascinating and fun for the readers.

With our great staff writers and photographers, The Charger Bulletin continues to be something that the university community enjoys reading and remains the first place that students turn to for news. Our initiative at The Charger Bulletin is to inform the University of New Haven students and faculty about what matters most to them. In addition to the weekly printed issues, The Charger Bulletin can also be read online at www.chargerbulletin.com.

Chariot Yearbook

Billy Fogarty, Editor-in-Chief; Samantha Sullivan, Assistant Editor. Rachel Barton, Residential Life Editor; Jessica Negrón, Special Events Editor; Mindy Rouillard, Greek Life Editor; Carly Yamauchi, Athletics Editor. Roxy Belter, Lucia Conte, Dan Osipovitch, Shawn Tremblay, Jes Vogt.

The Chariot Yearbook Staff is made of a group of students who are passionate about memories and have a responsibility to record day-to-day life at the University of New Haven in classrooms, residence halls, sporting events, special events, student government, and everything else in between. The job is incredibly demanding but the payoff gets better and better every year.

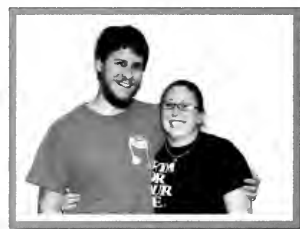

The 2008-2009 publication saw the largest and hardest working staff in the history of the Chariot Yearbook along with the addition of four new features editor positions which were quickly filled with eager and hard working students from the university community. The four features editors, assistant editor, editor-in-chief, and general staff had a great time taking the photos and making the layouts you see in the 192 pages that you are now holding!

The editor-in-chief and assistant editor chose the theme "Classic" for this publication which is reflected throughout the book with a focus on warm colors, great photos on "classic" college experiences, and even the vintage look of the cover that protects this book. We hope this book makes you look back fondly and think about how "classic" your time at the University of New Haven was.

Some of our most recent accomplishments include maintaining our top twenty club status in the USGA, traveling to Queens to play for the ECC Women's Basketball championships in 2008 and winning the "Club of the Year" Award in Spring 2007. When we are not playing at sporting events, you can find us rehearsing in the basement of Maxcy or cheering on other Charger Athletic teams. Through our music we hope to promote school spirit and musical excellence.

The staff generally assists students with immigration matters, provides liaison with sponsoring agencies and foreign governments, coordinates campus and community services, and promotes interaction between international population, the University, and the communities of greater New Haven. The presence of international students at UNH helps make the University truly a global village; our campus community may be small in number but we are vast in cultures, ethnicities, languages, nationalities, politics, religions, and traditions. NAACP

The National Association for the Advancement of Colored People is the nation's oldest civil rights organization that has changed America's history. The organization was founded on February 12 1909 by a diverse group composed of W. E. B. Du Bois, Ida B. Wells, Archibald Grimké, Henry Moskowitz, Mary White Ovington, Oswald Garrison Villard, and William English Walling. The main ideology of the organization is to ensure and protect the rights of all individuals politically and socially regardless of race, gender, nationality, and faith. Throughout the years, there have been continuous battles of intimidation, violence, and discrimination throughout the nation, yet this only grows the membership in the NAACP. The UNH chapter was founded in the fall of the 2006. The establishing chapter of the NAACP was composed of 45 students who wanted to see change on our beautiful campus. With these students setting the stepping stone for incoming students, the changes are beginning to appear more and more on campus. Paranormal Investigation and Research Organization

The Paranormal Investigation and Research Organization has grown by leaps and bounds since its creation in 1998. The club now consists of about 45 members from various majors, all of whom love having a place to talk about paranormal topics. As the club continues to grow, so does its reputation in the world of Paranormal Investigation. Investigative Members made history in 2008 by participating in the world's largest-known collaborative effort of an investigation. Along with the club's reputation rising, the club's presence on campus during Paranormal Awareness Week - October 25th - October 31st - was filled with activities for the whole campus to enjoy. Guest Speakers, Movie Nights, Psychic Faires, the Harvest Party, and the Costume Ball all made the week of Halloween very eventful. Wrestling Club

The UNH Wrestling Club is the first wrestling organization at the University of New Haven. As an up and coming club, all interested are welcomed to participate. It does not matter if you have eight years of experience or none at all. As a club we have the opportunity to bring in those who never had a chance to partake in this sport but never had the opportunity. As a club, we strive to improve upon our own abilities on and off the mat. Wrestling is not simply one's ability to overpower the opponent but rather to be technical and treat a match much like a chess game, where you make one move and have five moves already planned out for any outcome. Wrestling is one of the few sports in which your success and your failure depend on you. We practice as a team pushing each other to our limits but once you are on the mat you are the only one who can decide the outcome of the match. Our goal is to push ourselves to find our own limitations and surpass them, not only physically but also academically.

To the Graduating Class of 2009 and the University of New Haven

For a while, we weren't sure it would actually come, but it has. The end of the year is here and, with it, Volume 46 of the Chariot Yearbook. A tremendous amount of work, time, and effort has gone into the production of this book and with the assistance of USGA and a phenomenal amount of support from parents via PDAs the book is in full color for the fourth year running. We hope that you enjoy this work and it becomes something you cherish long after graduation.

We would like to personally thank all of the following, without whom, this publication would not have been possible.

Bob Sasena: This year was by far one of the most hectic and without you, this amazing journey would have stalled long ago. Thanks for all of your support and hard work! Oh, and of course, for the new iMac!

Joy Woomer: Thank you for all of your help and support. Without you and your phenomenal staff checking on our proofs, this work wouldn't have been nearly as great!

Keri Comerowski: Gone, but clearly not forgotten! Even after you graduated, you were there during the frantic phone calls and lending an objective eye about the taste and style of the book. Thank you so much for everything!

Greg Overend: GregO, there aren't enough words to thank you. You kept us going when we needed it and supported us the entire way through. We're truly going to miss you!

Lisa Saverese: Thanks for being an office mom to a pair of crazy kids who were often in need of caffeine or a good hug. It made all the difference having you around!

Nancy Baker: Thanks to you and your staff for all your help with our mass mailings, rosters, and senior lists! We couldn't have done without you and we absolutely appreciate it!

Our Entire Staff: You few are the only ones who understand the work and time that this publication requires. We can't truly thank you for all that you've done! We love you!

The Charger Bulletin: Celina and Zack - Between the playlists, inside jokes, practical jokes, and long hours we all spent together, we could have made a yearbook dedicated to just our shared office. Thanks for being there and helping to keep us going!

USGA: Thanks for all of your patience and support throughout the year. This publication was not an easy one but all of you made it that much easier by sending in photos, writeups, and everything else we needed! Thanks again and good luck in the future!

Everyone who sent in photos: There's far too many people to list them all, but we want to thank each and every one of you! With all of your amazing photos, you helped to make this year one to cherish from every angle. You helped create this publication!

To the Class of 2009: It's finally here, everyone. That moment that we've all been waiting for and yet absolutely dreading. The 'real world' is supposedly a frightening mess filled with even more good times and laughs than our four years together here and we know we'll all make it. We'll see you on the other side!

AND, FINALLY, THE MOST IMPORTANT:

Our Family and Friends: Thank you guys for everything. This ride was crazy, stressful, insane, and absolutely amazing and you kept us together during it. What you are holding would not have been possible without you all supporting us through the panic attacks, caffeine withdrawals, temper tantrums, late nights in the office, and random dance sequences brought on by sleep deprivation. You kept us going from the beginning to the end. **THANK YOU!**
